Millbrook Belle x is a red heifer that has been in our show string at the county fairs and gave a good account of herself. She is vaccinated and was bred to Max-walton Walkaway on Aug. 3, 1946.

The picture of Collynie Fascinator x, at left, is a familiar one to breeders of Polled Shorthorns. It is this bull that has served as a fountain head for much of the present day Polled Shorthorn improvement. His sons and grandsons are heading top herds from coast to coast. The \$4000 Collynie Compact x, Cherry Hill's famous sire that sired the first prize get at last year's International, is by Collynie Fascinator x. So was Fascinator x, the famous breeding bull that headed the Lynnwood herd for many years.

Rarely does there come an opportunity to purchase a DOUBLE BRED Collynie Fascinator x as is Lot 36. Here is a chance to work some real breed improvement.

World Wide Demand

That Polled Shorthorns enjoy a world-wide demand is no myth. The most recent shipment from the United States sailed in May to one of the largest cattle herds in Australia belonging to Douglas G. Munro of New South Wales. Export

buyers are always attempting to fill their many buying orders for Polled Shorthorns.

Polled Shorthorn popularity abroad is due to the fact that they combine the superior weight for age qualities of the Shorthorn with the popular hornless feature . . . so important to beef production.

## A-HEAD OF THE FUTURE!

The head displayed on the front cover of this catalog is that of the great bull Lynnwood Minstrel x, a son of Collynie Type 3d x that is being used with success by R. E. & R. L. Ebner, Tonica, Illinois, consignors to this sale.

Yes, and you will be **ahead**, too, if you are raising Polled Shorthorns. They are the most practical cattle for the Corn Belt farms today. Packer buyers pay a premium for fat cattle without horns; farmer bull buyers prefer the hornless type; small breeders are buying Polled Shorthorn bulls in order to more easily fill the farmer needs. There is no doubt that Polled Shorthorns are the "Ultimate Type." The future is bright. Why not buy now! This sale provides an excellent source of supply.

- ✓ Polled Shorthorns combine the superb weight for age and heavy milking qualities of the Shorthorn with the important added hornless feature.
- ✓ Farmers and small breeders everywhere are demanding Polled Shorthorn bulls . . . . and paying premium prices to get them.
- ✓ Polled Shorthorns are an American product and enjoy an ever increasing foreign export demand.
- ✓ Polled Shorthorns rapid growth in popularity is evidenced by its 200% increase in membership in the last six years.
